Anonymous & Armageddon

Anonymous is an FBI Cointelpro operation of hackers under their Project Megiddo Operation. Megiddo is for Armageddon. They wear Guy Fawkes masks and Guy Fawkes was a Vatican-Jesuit agent. Project Megiddo was created by FBI Director Louis Freeh an Italian-US dual citizen. The FBI was created by attorney general Charles Bonaparte a member of the Roman Catholic Imperial House of Bonaparte currently headed up by Prince Jean Christophe Napoleon Bonaparte an investment banker and the nephew of Prince Carlo of Bourbon Two Sicilies the Duke of Castro whose ancestors were the Farneses the Dukes of Castro and they produced Pope Paul III or Alessandro Farnese who officially established the Jesuits as a military order under the Vatican through the papal bull Regimini Militantis Eclessaie. The Catholic Bourbon Two Sicilies are married with the Protestant Hohenzollerns and Prince George Friedrich von Hohenzollern-Prussia is overseeing this Anonymous cyber warfare. Prince George Friedrich's wife is Princess Sophie von Isenberg and she is a Roman Catholic. Anonymous hackers are FBI assets that censor people who legitimately speak out against especially Trump and Putin who are both part of the Vatican's Armageddon program. The media and supposed opposition to Trump and Putin use reverse psychology to get people to take their side. Obviously the overall system like the media and major politicians are corrupt and they pretend to oppose Trump and Putin as a form of reverse psychology.

And these malicious hackers need to be hunted down and executed. These Cointelpro hackers are assisting in war crimes, are violating civil liberties, and committing treason against Americans on behalf of the Vatican City State. These hackers are also tracking people who speak out to be targeted for assassinations. These hackers are hacking electronic systems in vehicles to murder people in car accidents. There is a current further attempt at a coup on behalf of Donald Trump who is a documented mafia associate of both Cosa Nostra and the Russian Mafia. That faction is more dangerous and is a tool of destruction. Trump is a tool of the Bushs who also serve the Vatican. Trump's bosses the Savoys are tools of higher level Roman princes. It's about creating chaos and division and conflict and then seizing more power through an engineered problem reaction solution. Trump is friends with the Gaetani family who are Roman Aristocrats and papal nobility. The Roman Aristocracy are involved in all sides. Being against Trump or Putin does not mean a person supports the opposite political party or side either. People who think that way are brainwashed or are simply liars. The Vatican City as a sovereign nation was established by the House of Savoy under the fascist dictator Benito Mussolini through his Lateran Treaty. This is about fascism or total control.
